Dear Sir or Madam,

I have a vessel Master diploma up to 3000 GT and an unlimited Chief Officer licence, with experience in both positions in the offshore industry. I first became a captain at the age of 26, working on 4pt Mooring Dive Support Vessel, under 500 GT. Since then, I have had the opportunity to develop experience on

- different vessel types:

Drillship, Survey, Heavy lift, Offshore Support Vessel, Platform Supply Vessel, Standby, Dive Support Vessel, Hopper barge

- with different propulsion types:

Single CPP, Double CPP, Voith Schneider, Azimut thrusters, Tunnel thrusters, DP vessels

- for different types of work:

Geotechnical drilling, Seismic / Sidescan / ROV / Multibeam / CSEM / Scientific / Seabed sampling survey, Heavy lifting, Guarding, Standby, Dredging, Dive supporting, Offshore transfer, Subsea inspections, Towing, Platform supplying.

I am hardworking, working on ships is my passion. I approach problems hard, people softly. My nationality is Polish. For many years I worked in mixed national teams, often being the only Pole on board. More about my experience and certification can be found in the attached PDF.

Yours sincerely,

--
