## SUMMARY

After three years working on yachts between the Med and St Barth for private and charter seasons. I also crossed the Atlantic ocean from Martinique to Corsica on a 45ft catamaran.

I am now seeking my next position as a Deckhand.

In my previous yacht jobs I got many opportunities to participate in exterior missions, which is where I also discovered my passion for the deck department.

I consider myself a hardworking, motivated and highly adaptable person.

I am a strong team player with positive attitude and willingness to get to know new knowledge, people and learn new skills. I always take pride in my appearance, punctuality and attitude.

• Health: Excellent, non-smoker, no tattoos
